

AN EFFECTIVE WAY TO HELP KEEP GERMS AT BAY

Help protect your employees and guests by ensuring hand sanitizer is always within reach, when and where you need it. Consider placing hand sanitizer dispensers in heavily frequented and high-touch areas:

- Lobbies and entranceways
- Restrooms (interior)
- Conference rooms
- Restrooms (exterior)
- Break rooms
- Fitness / nursing rooms
- Kitchen and food service areas
- Shipping and receiving
- Outside elevators
- Anywhere soap and water are not readily available

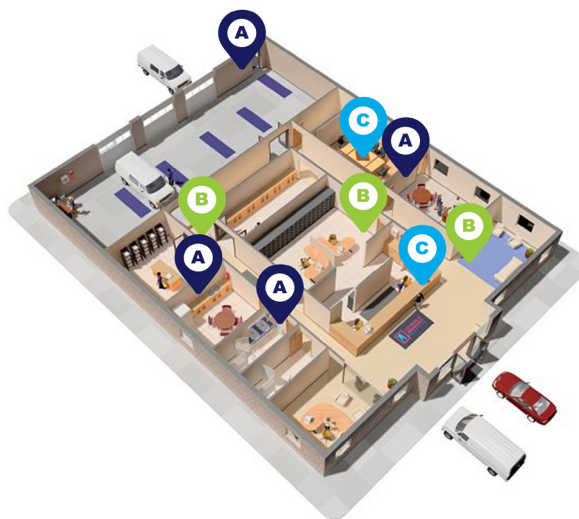

Wall-mount **A**

Full-sized stand **B**

Tabletop **C**
