

## Our core safety products are just the beginning

We know how important it is to work with a reliable first aid and safety provider. Our Advantage 97<sup>®</sup> product line honors the year our division was founded, and represents our commitment to providing exceptional service and industry-leading products that help you keep your workers protected.

Our most popular safety supplies and PPE are included here, but this is just the beginning of how we can help you stay stocked on the essential products and equipment you choose. Be sure to talk to your Cintas representative about our comprehensive offerings in each category.

To learn more, visit [cintas.com](https://www.cintas.com) or call **877.973.2811**

CINTAS FIRST AID & SAFETY • ADVANTAGE 97<sup>®</sup>

# ADVANTAGE 97<sup>®</sup>

## Safety Product Line

## CONTENTS

- 2 PPE inventory management
- 6 Hand protection
- 24 Eye and face protection
- 30 Hearing protection
- 36 Respiratory protection
- 42 Apparel
- 56 Head protection
- 62 Additional safety products

Since 1997, businesses across North America have trusted Cintas First Aid and Safety to provide the solutions that help them send their employees home safe every workday. This catalog features the core products our customers rely on most — giving you peace of mind that our local inventory will always meet your demand.

### What is Advantage 97<sup>®</sup>?

- A product line offering of our best-selling safety and PPE products
- Stocked locally in our warehouses across the US
- Brought to you by your trusted Cintas service professional

## Safety products are essential. Cintas has you covered.

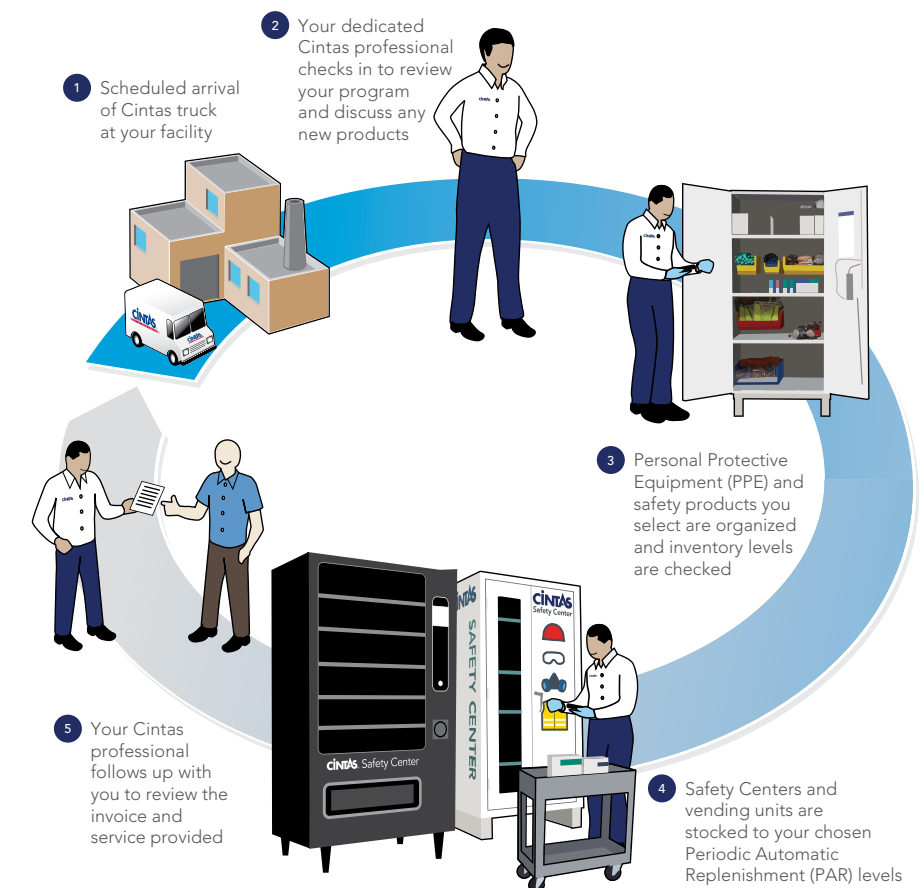

Protecting your employees with safety supplies and personal protective equipment (PPE) is a top priority. With the **Cintas Safety Center**® and vending service, you won't have to worry about placing orders or being out of stock. We'll take care of ordering and stocking the PPE and safety products you've selected, and you can focus on your business.

### PRODUCTS YOU CAN COUNT ON WITH THE SAFETY DIRECTOR®

Quality products and great value — that's what you can expect when you select supplies with our private-label brand, The Safety Director®. Many of these products come in easily identifiable packaging so your employees can get exactly what they are looking for without the hassle. You will find many of The Safety Director® products throughout this guide, in nearly every category — just look for the red and blue shield.

## How the service works

### BENEFITS OF SERVICE

- Routine, onsite service from a dedicated professional
- Regular restocking and organizing of your selected safety products and PPE
- Multiple options for storage to fit your needs
- Thousands of products from leading manufacturers
- Network of warehouses across North America with inventory readily available

### HOW TO GET STARTED:

- 1 Select the unit(s) that best suit the needs of your business
- 2 Select the PPE and safety supplies you would like stocked
- 3 Set inventory par levels for your selected products
- 4 Have peace of mind knowing your selected PPE is stocked and ready™

Disclaimer: Pursuant to OSHA regulations, 29 CFR 1910.132 (Subpart I), an employer bears sole responsibility for selecting the type(s) of personal protective equipment to be used by its employees. All purchasers of personal protective equipment from Cintas bear full responsibility for selecting the PPE appropriate for use by their employees. CINTAS EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING AN IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

36" W x 24" D x 78" H

### Cintas Safety Center® Premium

- Safety products secured in a centralized location of your choosing
- Customized access by user, with individual access codes or HID badges
- Stock larger items such as Tyvek coveralls, hard hats, large quantities of disposable gloves, hi-visibility vests, arc-flash equipment and more
- Storage bins available for purchase to keep loose items organized and easy to find

41" W x 34" D x 72" H

Look for this icon throughout the catalog to find items that are packaged to easily vend from the machine. See a product that doesn't have this icon? Talk to your service representative about additional products that can be vended.

### Cintas Safety Center® Vending

- Extensive reporting and customization to help achieve visibility and control of your PPE inventory
- RFID reader available for use of internal universal HID access badges
- Great for stocking and securing valuable PPE such as cut resistant gloves and protective sleeves
- Requires wired ethernet or cellular data connection

# Hand Protection

Welcome to a new generation of gloves that provide better protection with greater comfort. With our wide selection of gloves from industry-leading manufacturers, Cintas makes it easy for you to promote a safer work environment and pair the right glove with the right job — for any type of application and environment.

### HAND PROTECTION TYPES

- Disposable
- Cut resistant
- Coated knit
- Leather
- Welding
- Mechanics
- Fabric
- String knit
- Chemical resistant
- Electrical

### DID YOU KNOW?

#### OSHA 29 CFR 1910.138 (A) STATES:

"General requirements. Employers shall select and require employees to use appropriate hand protection when employees' hands are exposed to hazards such as those from skin absorption of harmful substances; severe cuts or lacerations; severe abrasions; punctures; chemical burns; thermal burns; and harmful temperature extremes."

#### OSHA 29 CFR 1910.138 (B) STATES:

"Selection. Employers shall base the selection of the appropriate hand protection on an evaluation of the performance characteristics of the hand protection relative to the task(s) to be performed, conditions present, duration of use and the hazards and potential hazards identified."

# Disposable gloves

Best for one-time use, disposable gloves are essential for so many businesses — medical, food processing, assembly operations and more. Choose from a variety of material and strength options to help you protect your employees while on the job.

**Part Numbers:**  
**S • 617065S M • 617065M L • 617065L XL • 617065XL1**

# Cut resistant gloves

Just as the name implies, cut-resistant gloves help you protect your employees from cuts caused by sharp objects like glass, metal and other materials — so all they need to focus on is the job at hand. They're ideal for many industries such as manufacturing, oil and gas, metal working and mining.

In 2016, the American National Standards Institute (ANSI) released an updated edition of the ANSI/ISEA 105 standard. The changes include a new scale to determine cut score and a revised method for testing gloves to the standard. Cut gloves are now rated on a scale of one through nine to determine cut resistance — one being the lowest and nine being the highest.\*

\*Updated ANSI Standard for Cut Resistance. Protective Industrial Products. <https://us.pipglobal.com/en/updated-ansi-105-standard-for-cut-resistance/>

**SD-CUT 2™**

- ANSI cut level A2

- 10 dozen per case for 12" gloves
- 6 dozen per case for 18" gloves

**Part Numbers:**  
12" • 1670830 18" • 1670930

### Armor® Crinkle-Finished Latex

- Jersey lined
- Latex crinkle coating
- Plasticized safety cuff
- 6 dozen per case

**Part Number:** 1684130

### Fully Coated Nitrile Dipped

- Jersey lined
- Smooth, nitrile finish
- Safety cuff
- 12 dozen per case

**Part Numbers:**  
S • 8301254 M • 8303430  
L • 8311105 XL • 560975

### ArmorTuff® Nitrile Dipped

- Jersey lined
- Smooth finish
- Safety cuff
- ActiFresh™ treated to reduce germs and odors
- 6 dozen per case

**Part Numbers:**  
M • 1690220 L • 1690230 XL • 8311535

### ArmorLite® Nitrile Dipped

- Cotton interlock liner
- Textured nitrile coating
- Knit wrist
- ActiFresh™ treated to reduce germs and odors
- 6 dozen per case

**Part Numbers:**  
S • 1690410 M • 1690420 L • 1690430 XL • 1690440

# Electrical gloves

Rubber insulated electrical gloves provide critical protection against shock hazards when employees are working on power lines and other energized equipment. Leather protectors are worn over them to help prevent punctures.

## DID YOU KNOW?

Some gloves come in letter sizes such as small, medium or large, while others are available in numerical sizes. To determine your numerical glove size, use a tape measure and wrap it around the circumference of the palm of your dominant hand. This measurement in inches is your glove size.

## Novax® Electrical Safety Kit

- 1 pair ESP gloves in black or orange, class 00 or 0 (150-00-11)
- 1 pair goatskin leather protectors (148-1000)
- 11" nylon glove bag (148-2136)

### Part Numbers:

Class 00 ● 8 • 1735710 9 • 1735720

- Store Novax rubber insulating gloves of 14" length
- Light weight nylon with plastic hook for mounting
- Snap closure

Part Number: 1743582

# Eye and face protection

From safety glasses and goggles to face shields and accessories, we offer a full suite of products that help you provide optimal protection without sacrificing comfort.

## EYE AND FACE PROTECTION TYPES

- Safety glasses
- Safety goggles
- Face shields
- Side shields
- Lens cleaner

## LENS TINTS

- Clear: general applications
- Gray/Smoke: outdoor applications
- Amber: low light applications
- Blue Diamond Mirror: outdoor high glare
- I/O Mirror: indoor and outdoor applications
- Light Blue: indoor and outdoor applications

## DID YOU KNOW?

### OSHA 29 CFR 1910.133 (A) (1) STATES

"The employer shall ensure that each affected employee uses appropriate eye or face protection when exposed to eye or face hazards from flying particles, molten metal, liquid chemicals, acids or caustic liquids, chemical gases or vapors, or potentially injurious light radiation."

### OSHA 29 CFR 1910.133 (A) (2) STATES

"The employer shall ensure that each affected employee uses eye protection that provides side protection when there is a hazard from flying objects. Detachable side protectors (e.g. clip-on or slide-on side shields) meeting the pertinent requirements of this section are acceptable."

### OSHA 29 CFR 1910.133 (A) (3) STATES

"The employer shall ensure that each affected employee who wears prescription lenses while engaged in operations that involve eye hazards wears eye protection that incorporates the prescription in its design, or wears eye protection that can be worn over the prescription lenses without disturbing the proper position of the prescription lenses or the protective lenses."

### OSHA 29 CFR 1910.133 (A) (4) STATES

"Eye and face PPE shall be distinctly marked to facilitate identification of the manufacturer."

### OSHA 29 CFR 1910.133 (A) (5) STATES

"The employer shall ensure that each affected employee uses equipment with filter lenses that have a shade number appropriate for the work being performed for protection from injurious light radiation."

# Eye protection

Set your sights on reliable eye protection. Our safety glasses help protect against dust, debris and airborne particles, and our goggles can help minimize fogging and shield the eyes from splashes. All of the safety glasses and goggles in the Advantage 97® product line meet ANSI Z87.1.

SAFETY GLASSES

# Face protection

Face shields and headgear assemblies provide a comfortable full-face protective barrier, with safety glasses worn under them, to help provide protection from liquid splashes and flying debris.

FACE SHIELDS

## Head Gear/Face Shield Combo (Meets or exceeds ANSI Z87.1+)

- Ratchet headgear bracket accepts most manufacturers' face shields
- Clear PETG shield
- .040 thick polycarbonate shield
- Blue polycarbonate frame
- Helps protect against harmful UV rays
- Sold individually
- 16 per case

**Part Number:** CR5126SD

## Clear PETG Face Shield

- Clear PETG material
- .042 inch thickness
- Lightweight and impact resistant
- Protection from liquid splashes and flying debris
- Sold individually
- 100 per case

**Part Numbers:**  
10" x 15.5" • CR101640 8" x 16" • CR181640

GOGGLES

## Chemical Splash Goggles

- Indirect vent
- Adjustable elastic headband
- PVC body
- Sold individually
- 36 pairs per case

**Part Numbers:**  
Black elastic • CR2230R (pictured)  
White elastic • 617290

# Accessories

Help maintain protective eyewear with your choice of accessories — including anti-fog lens wipes that clean and prevent static on safety glasses and goggles, and universal side shields that easily fit over most prescription frames.

LENS WIPES

## The Safety Director® Lens Wipes

- For use on goggles and glasses made from glass, polycarbonate or plastic
- Silicone free
- Anti-static
- Anti-fog
- 100 individually packaged towelettes per box
- 10 boxes per case

**Part Number:** 280020

SIDE SHIELDS

## The Safety Director® Sideshields

- Molded soft vinyl sideshields that weave through temples
- Added protection on sides of standard reading glasses or sunglasses
- Sold by the pair
- 60 pairs per case

**Part Number:** 281050

CLEANING STATION

## The Safety Director® Disposable Lens Cleaning Station

- For plastic, polycarbonate and glass lenses
- Ideal for glasses, goggles and face shields
- Anti-fog, anti-static formula without silicone
- Includes lens wipes

**Part Numbers:**  
Cleaning Station • 1408090 (pictured)  
Replacement Pump • 280680  
Cleaner/Defogger (16 oz) • 280620  
Cleaner/Defogger (1 gal) • 280660  
Metal station with lock • 280210  
Lens tissue 300/PK • 280610  
Lens tissue 760/PK • 280600

# Hearing protection

Businesses operating in work environments with noise levels above 85 dBA are required to meet OSHA standards for hearing conservation. Cintas offers a wide selection of industry-leading hearing protection products to choose from — helping you keep them safe and productive.

## HEARING PROTECTION TYPES

- Disposable earplugs
- Reusable earplugs
- Earmuffs

## DID YOU KNOW?

### OSHA STANDARD 29 CFR 1910.95 STATES:

"The hearing conservation program requires employers to monitor noise exposure levels in a way that accurately identifies employees exposed to noise at or above 85 decibels (dB) averaged over 8 working hours, or an 8-hour time-weighted average (TWA) ... Employers must provide hearing protectors to all workers exposed to 8-hour

TWA noise levels of 85 dB or above. This requirement ensures that employees have access to protectors before they experience any hearing loss. Employees must wear hearing protectors:

- For any period exceeding 6 months from the time they are first exposed to 8-hour TWA noise levels of 85 dB or above, until they receive their baseline audiograms if these tests are delayed due to mobile test van scheduling;
- If they have incurred standard threshold shifts that demonstrate they are susceptible to noise; and
- If they are exposed to noise over the permissible exposure limit of 90 dB over an 8-hour TWA."

# Disposable earplugs

One of the most common types of hearing protection, disposable earplugs form to the ear when inserted. Lightweight, easy to store and convenient to keep on hand, they come in a variety of sizes and many have a tapered shape for all-day comfort.

**The Safety Director® Comfort Fit™**

- NRR: 33 dBA
- Tapered foam design provides better protection, superior fit and easy insertion
- Molded, smooth outer surface for hygiene and comfort
- 10 boxes per case

**Part Numbers:**  
**Uncorded (200 pairs) • 290010**  
**Corded (100 pairs) • 290020**

**The Safety Director® Comfort Plus®**

- NRR: 32 dBA
- Low pressure, foam, multi-colored, comfortable, great for extended wear
- Molded, smooth outer surface for hygiene and comfort
- 10 boxes per case

**Part Numbers:**  
**Uncorded (200 pairs) • 290030**  
**Corded (100 pairs) • 290040**

**Moldex® SparkPlugs® PlugStation®**

- NRR: 33 dBA
- Easy access, high visibility dispenser increases awareness for your hearing conservation program
- Click mechanism ensures earplugs drop right into your hand
- Earplugs fit snugly to gently seal the ear canal
- 250 pairs station: 6 per case
- 500 pairs station: 4 per case

**Part Numbers:**  
**250 pairs • 293220**  
**500 pairs • 293230**  
**Magnetic Bracket • 615168**

## What is NRR?

NRR, or Noise Reduction Rating, is a designation given in decibels (dBA) based on laboratory tests designed to estimate the passive noise reduction of the earplug or earmuff. A higher NRR means higher noise reduction effectiveness.\*

**3M™ E-A-R Classic®**

- NRR: 29 dBA
- Bright yellow, cylindrical polymer foam can be easily rolled and inserted to fit almost any ear canal
- 10 boxes per case

**Part Numbers:**  
**Uncorded (200 pairs) • 291200**  
**Corded (100 pairs) • 291210**

**Honeywell Howard Leight™ Max®**

- NRR: 33 dBA
- Offers highest NRR rating available in a pre-shaped foam earplug
- Smooth, soil-resistant outer skin for optimum user comfort and safety
- 10 boxes per case

**Part Numbers:**  
**Uncorded (200 pairs) • 292020**  
**Corded (100 pairs) • 292000**

**Honeywell Howard Leight™ Laser Trak® Metal Detectable**

- NRR: 33 dBA
- Bright orange and blue provides extra visibility in food processing environments
- Corded for extra safety and convenience
- 10 boxes per case

**Part Number: Corded (100 pairs) • 292250**

**Honeywell Howard Leight™ QB2®**

- NRR: 25 dBA
- Lightweight, comfortable and reusable
- Sold by the pair or refill pod packs of 50
- 100 pairs per case

**Part Numbers:**  
**QB2 Band with pods • 292500**  
**Refill Pods (50 pairs of pods) • 292510**

\*2019. YOUR HEARING PROTECTION HAS A NUMBER. WHAT DOES NOISE REDUCTION RATING MEAN? Howard Leight. <https://www.howardleightshootingports.com/blogs/all-posts/understanding-attenuation-rating-labels>

# Reusable earplugs

Pre-formed for the ear canal, reusable earplugs are easily cleaned in soap and water and can be used many times — making them an economical choice that also reduces waste. Ours are available in a variety of shapes, so they fit comfortably in a range of ear sizes.

 <p><b>The Safety Director® DuraPlug™</b></p> <ul style="list-style-type: none"> <li>• NRR: 27 dBA</li> <li>• 25-count dispenser</li> <li>• Tapered design, soft attenuating shell around a pocket of air for comfort</li> <li>• 10 boxes per case</li> </ul> <p><b>Part Number: Corded (25 pairs) • 290070</b></p>	 <p><b>3M™ E-A-R™ Push-Ins™</b></p> <ul style="list-style-type: none"> <li>• NRR: 28 dBA</li> <li>• Blue stem makes insertion and removal cleaner and easier</li> <li>• All-day hearing comfort, convenience and protection</li> <li>• 4 boxes per case</li> </ul> <p><b>Part Numbers:</b>  <b>Uncorded (100 pairs) • 8301492</b>  <b>Corded (100 pairs) • 29180</b></p>

# Earmuffs

For employees who prefer a solution that goes over the ear or need to combine over-ear protection with an earplug for increased hearing protection, our earmuffs are the answer to attenuate sound and provide comfort.

<b>CAP-MOUNTED EARMUFF</b>	 <p><b>MSA HPE Cap Mounted Earmuff</b></p> <ul style="list-style-type: none"> <li>• NRR: 27 dBA</li> <li>• Designed specifically for very high noise levels in places like airfields or power plants</li> <li>• Easy to adjust cups, even with gloves on with three distinct wearing positions</li> <li>• Three distinct wearing positions</li> <li>• Sold individually</li> </ul> <p><b>Part Number: 29401</b></p>
<b>STANDARD EARMUFF</b>	 <p><b>Honeywell Howard Leight™ VeriShield™ VS130</b></p> <ul style="list-style-type: none"> <li>• NRR: 30 dBA</li> <li>• Superior hearing protection in a lightweight design</li> <li>• Memory foam on cushions dissipates resistance/relief in headband force</li> <li>• Sold individually</li> </ul> <p><b>Part Number: 615826</b></p>

# Respiratory protection

Having the right respirator is crucial for providing defense against harmful fumes and airborne contaminants — including dust, fog, smoke, mist, gases and vapors. We sell a variety of respiratory products that will help you protect your employees while they're working in hazardous environments.

## RESPIRATOR TYPES

- Disposable respirators
- Reusable respirators
- Cartridges and filters

## DID YOU KNOW?

### OSHA 29 CFR 1910.134 (A) (1) STATES

"In the control of those occupational diseases caused by breathing air contaminated with harmful dusts, fogs, fumes, mists, gases, smokes, sprays, or vapors, the primary objective shall be to prevent atmospheric contamination. This shall be accomplished as far as feasible by accepted engineering control measures (for example, enclosure or confinement of the operation, general and local ventilation, and substitution of less toxic materials). When effective engineering controls are not feasible, or while they are being instituted, appropriate respirators shall be used pursuant to this section."

### OSHA 29 CFR 1910.134 (A) (2) STATES

"A respirator shall be provided to each employee when such equipment is necessary to protect the health of such employee. The employer shall provide the respirators which are applicable and suitable for the purpose intended. The employer shall be responsible for the establishment and maintenance of a respiratory protection program, which shall include the requirements outlined in paragraph (c) of this section. The program shall cover each employee required by this section to use a respirator."

# Disposable respirators

Designed to be discarded after use, disposable masks and respirators provide short-term protection from airborne particulates. N95 respirators are certified to have a filter efficiency level of 95% or greater, while general purpose masks filter out dust and mild irritants.

**The Safety Director® N95**

- Provides basic respiratory protection from particulates free of oil
- Adjustable contoured nosepiece and soft open cell foam nose cushion
- Valve option provides easy-breathing exhalation and increases airflow for improved comfort
- 12 boxes per case

**Part Numbers:**  
**20 count box • 305050 10 count box with valve • 305060**

**The Safety Director® Nuisance Dust Mask**

- Lightweight mask protects against non-toxic, nuisance dusts
- Used for comfort only, does not provide respiratory protection
- Heavy duty single elastic strap and adjustable nosepiece for comfort
- 12 boxes per case

**Part Number: 50 count box • 305040**

**Moldex® 2300 N100 with Valve**

- 99.97% effective against non-oil based particulates
- HandyStrap® allows mask to conveniently hang around neck when not in use
- Valve lets hot air out faster for easy breathing
- 6 boxes per case

**Part Number: 10 count box • 8303511**

**3M™ 8210 N95**

- NIOSH approved for at least 95% filtration efficiency against certain non-oil based particles
- Two-strap design with welded dual point attachment helps provide a secure seal
- Cushioning nose foam
- Lightweight construction promotes greater worker acceptance and may help increase wear time
- Advanced electrostatic media is designed for ease of breathing
- 8 boxes per case

**Part Number: 20 count box • 304120**

**Moldex® 2200 N95**

- Dura-Mesh® shell resists collapsing in heat and humidity
- Molded nose bridge with foam cushion seals easily without a metal noseband
- Softspun® lining for increased comfort and durability
- NIOSH certified to have a filter efficiency of 95% or greater for non-oil based particulates
- No valve: 12 boxes per case
- With valve: 10 boxes per case

**Part Numbers:**  
**20 count box • 300200 10 count box with valve • 300220**

**3M™ 8511 N95 with Valve**

- NIOSH approved for at least 95% filtration efficiency against certain non-oil based particles
- 3M™ Cool Flow™ Exhalation Valve helps reduce heat build-up inside the respirator
- M-Noseclip adjusts easily for fewer pressure points and greater comfort
- 8 boxes per case

**Part Number: 10 count box • 304200**

# Reusable respirators

Reusable respirators work by removing vapors, gases and particulates from the air using replaceable cartridges, filters or a combination of both. They are available in full-face or half-face models and come in a variety of sizes to fit most users.

## 3M™ 6000 Series Half-Face

- Combines comfort and convenience
- NIOSH approved for negative pressure air purifying and supplied air dual airline applications
- Can be disassembled, cleaned and reused

### Part Numbers:

S • 304950 M • 30496 L • 30497

## 3M™ 6000 Series Full Face

- Lightweight well-balanced design and silicone face seal for enhanced comfort, durability and ease of cleaning
- Available in air-purifying and supplied air respirator modes
- Center adapter directs exhaled breath downward

### Part Numbers:

M • 8301547 L • 8301515

## MSA Advantage 200 LS Series Half Face

- Patented MultiFlex® system in a lightweight, softer, more pliable combination of rubber and plastic
- Added stability so facepiece won't collapse
- Improved comfort of AntroCurve™ sealing surface reduces pressure points

### Part Numbers:

S • 306000 M • 306010 L • 306020

## MSA Advantage 3000 Series Full Face

- Advantage® twin-port facepiece features a wraparound optically-correct, scratch-resistant coating lens
- Soft, pliable silicone facepiece and rubber head-harness with pre-adjustable straps
- Uses Advantage® bayonet-style cartridges

### Part Numbers:

M • 30656 L • 8303614

# Apparel

Keeping your employees safe from workplace hazards starts with making sure they have the right protective apparel. From high-visibility garments and disposable coveralls to protective sleeves, aprons and lab coats, Cintas has the safety apparel you need — and your team will appreciate the comfort and convenience on the job.

## APPAREL TYPES

- Disposable wear
- Aprons
- Coveralls
- Sleeves
- Lab coats
- Rainwear
- Hi-Vis apparel

## THE DIFFERENCE IS IN THE DETAILS

Finding the PPE you need quickly is important, so your employees can be protected and stay productive. Our disposable apparel in **The Safety Director®** brand are packaged clearly, so your employees can find what they need. The icons and product names in English, Spanish and French help make it easy for everyone to grab the right PPE, and get back to work.

Disclaimer: Pursuant to OSHA regulations, 29 CFR 1910.132 (Subpart I), an employer bears sole responsibility for selecting the type(s) of personal protective equipment to be used by its employees. All purchasers of personal protective equipment from Cintas bear full responsibility for selecting the PPE appropriate for use by their employees. CINTAS EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING AN IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

# Disposable Wear

Lightweight and breathable, our hair and beard covers offer snug, secure coverage — while our shoe covers help reduce the risk of tracking potential contamination into your facility.

BEARD COVERS

**The Safety Director® Polypropylene Beard Covers**

- 1000 per case, white
- Light weight breathable fabric that provides economical protection

**Part Number:** 9701SSW

**The Safety Director® Nylon Beard Nets**

- 100 per case, white

**Part Number:** 9702SSW

**The Safety Director® Nylon Hairnets**

- 1000 per case, white or brown
- Lightweight for breathability, while maintaining snug, full coverage

**Part Numbers:**  
 ○ 21" • 970521W 24" • 970524W 28" • 970528W  
 ● 21" • 970521BR 24" • 970524BR

**The Safety Director® Polypropylene Bouffant Caps**

- 1000 per case, white or blue
- Lightweight for breathability, while maintaining snug, full coverage

**Part Numbers:**  
 ● 21" • 970321B 24" • 970324B  
 ○ 21" • 970321W 24" • 970324W

HAIR COVERS

SHOE COVERS

**The Safety Director® Water-resistant Polyethylene Shoe Covers**

- Water resistant and non-particulating with an embossed pattern for extra traction
- 300 per case, blue

**Part Numbers:**  
 L • 9706LB XL • 9706XLB

**The Safety Director® Polypropylene Shoe Covers**

- Anti-skid
- 300 per case, white or blue
- Lightweight breathable fabric that provides economical protection

**Part Numbers:**  
 ● L • 9707LB XL • 9707XLB  
 ○ L • 9707LW XL • 9707XLW

SHOE COVERS

# Aprons

Ideal for applications that don't require full body coverage, our aprons provide a protective barrier against particles and liquid spills and are strong enough to resist tears and punctures.

## The Safety Director® Water-resistant Polyethylene Bib Style Aprons — 2 Mil

- Full bib style provides economical protection
- 500 per case, white or blue
- 28" x 46"

### Part Numbers:

● 97002B ○ 97002W

## Neoprene Apron

- Provides protection from a wide range of chemicals such as acids, caustics, solvents and oils
- Rust proof grommets, reinforced bib and hemmed overedge
- Thickness between 18–20 Mil
- Sold in packs of 12
- 4 dozen per case

**Part Number:** 360250

## Vinyl Apron

- Vinyl, 6 Mil thickness with raw edge and string ties
- Blue, 6 dozen per case
- 35" x 45"

**Part Number:** 8304259

## DuPont™ Tyvek® 400 Bib Apron

- Neck loop and waist ties, bound seams
- 100 per case, white
- 28" x 36"

**Part Number:** 8309918

# Coveralls

Disposable coveralls provide protection against splashes and particles in controlled environments — helping you keep your employees **ready™** to perform their jobs.

## Microporous Coveralls

- Lightweight and breathable material
- Protection against dirt, liquid splashes and particles
- Comfortable and strong in either wet or dry environments
- 25 per case

### Part Numbers:

#### Open Wrist/Ankle:

M • 561392 L • 561393 XL • 561394 2X • 561395 3X • 561396

#### Elastic Wrist/Ankle:

M • 71318 L • 8307196 XL • 8307197 2X • 8307198 3X • 8307199

#### Attached Hood/Elastic Ankle:

M • 569053 L • 569054 XL • 569055 2X • 569056 3X • 569057

#### Attached Hood/Boot (Pictured):

M • 74538 L • 70001 XL • 70002 2X • 70003 3X • 8303909

## MicroMax® NS Coveralls

- Provides protection from dirt, dust, grease, grime and light chemical splash
- Attached hood, elastic wrist and ankle and zipper closure
- 25 per case

### Part Numbers:

L • 32368 XL • 32369 2X • 32370 3X • 32371

## Tyvek® Coveralls

- Lightweight and disposable
- Provides protection from dust and particulates such as asbestos, lead dust and paint spray
- Optional attached hood and/or attached boot
- 25 per case

### Part Numbers:

#### Open Wrist/Ankle:

M • 569966 L • 569967 XL • 569968 2X • 569969 3X • 569970

#### Elastic Wrist/Ankle (Pictured):

M • 8306057 L • 564339 XL • 75673 2X • 569989 3X • 8302740

#### Attached Hood/Boot:

M • 569976 L • 569977 XL • 569978 2X • 569979 3X • 569980

## DID YOU KNOW?

High visibility apparel comes in multiple garment categories and performance classes, dictated by the ANSI/ISEA 107-2015 standard. These classes are based on worked hazards and tasks, the complexity of the job site and the speed of the traffic near the work site.

### Surveyors Vest

- ANSI Type R Class 2
- Solid front and mesh back for breathability
- 2" two-tone tape for optimum visibility
- Zipper closure
- 2 mic tabs with reinforced stitching
- 2 lower external flap pockets
- 2 internal lower pockets
- 1 chest radio pocket
- 1 chest pocket with 4 pen pockets in front

#### Part Numbers:

- S • 8306898 M • 8306899 L • 8306900 XL • 8306901  
2X • 8306902 3X • 8306903
- S • 606859S M • 8306688 L • 8306689 XL • 8306690  
2X • 8306691 3X • 8306692

### Two-Toned Striped Vest

- ANSI Type R Class 2
- Breathable polyester mesh
- 2" two-tone tape for optimum visibility
- Zipper closure
- 2 lower internal pockets

#### Part Numbers:

- M • 8311033 L • 8311034 XL • 8311035  
2X • 8311036 3X • 8311037
- M • 8315204 L • 8315205 XL • 8315206  
2X • 8315207 3X • 8315208

Disclaimer: Pursuant to OSHA regulations, 29 CFR 1910.132 (Subpart I), an employer bears sole responsibility for selecting the type(s) of personal protective equipment to be used by its employees. All purchasers of personal protective equipment from Cintas bear full responsibility for selecting the PPE appropriate for use by their employees. CINTAS EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING AN IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

### CL 3 Zipper Vest

- ANSI Type R Class 3
- Breathable polyester mesh
- Zipper closure
- 2" silver reflective tape
- 2 lower internal pockets
- 2 external chest pockets
- 1 pocket with 4 pen pockets in front

#### Part Numbers:

- M • 8314372 L • 8314373 XL • 8314374  
2X • 8314375 3X • 8314376
- M • 9114OM L • 8314366 XL • 8314367  
2X • 9114OXL2 3X • 9114OXL3

### Non-ANSI Vest

- Does not satisfy ANSI 107 visibility requirement for high visibility garments
- Breathable polyester mesh, side elastic
- Hook and loop closure
- One size fits most
- 1 3/8" prismatic tape

#### Part Numbers:

- 8309840 ● 576906

Disclaimer: Pursuant to OSHA regulations, 29 CFR 1910.132 (Subpart I), an employer bears sole responsibility for selecting the type(s) of personal protective equipment to be used by its employees. # Head protection

Whether they're used to protect against falling objects or to help reduce the danger of electrical shocks and burns, reliable head protection is a critical component of your safety equipment arsenal. Count on Cintas to help you keep your workers safer with our selection of hard hats, bump caps and accessories from leading manufacturers.

## HEAD PROTECTION TYPES

- Cap style hard hats
- Bump caps
- Accessories
- Full brim hard hats
- Face shield brackets

## DID YOU KNOW?

### OSHA 29 CFR 1910.135 (A) (1) STATES

"The employer shall ensure that each affected employee wears a protective helmet when working in areas where there is a potential for injury to the head from falling objects."

### OSHA 29 CFR 1910.135 (A) (2) STATES

"The employer shall ensure that a protective helmet designed to reduce electrical shock hazard is worn by each such affected employee when near exposed electrical conductors which could contact the head."

## ASK ABOUT OUR HARD HAT LOGO PROGRAM

You can use different colored hard hats and logos to distinguish between employees, contractors and visitors.

# Hard hats

Hard hats are commonly used in the industrial, utility, oil and gas and construction industries. Thanks to new technology, hard hats are now more comfortable and breathable — with cooling vents for better circulation and lightweight designs for reduced fatigue.

CAP STYLE

## MSA V-Gard® Cap

- ANSI/ISEA Z89.1-2014, Type 1, Class E (standard) or Type 1, Class C (vented)
- CSA Z94.1-15 Type 1, Class E (standard) or Type 1, Class C (vented). V-Gard® hard hats are ONLY CSA Z94.1-15 approved when equipped with Fas-Trac or 1-Touch suspensions
- Made of high-density polyethylene (HDPE) with UV inhibitor
- 20 per case

### Part Numbers:

#### Fas-Trac® III Suspension

- 6607BLU ○ 6607WHT ● 6607YLR ● 6607GRN

#### Vented, Fas-Trac® III Suspension

- 6609BLU ○ 6609WHT ● 6609YLR

#### Staz-On® Suspension

- 6608BLU ○ 6608WHT ● 6608YLR

## Dynamic Whistler™ Cap

- ANSI/ISEA Z89.1-2014, Type 1, Class E (standard) or Type 1, Class C (vented)
- CSA Z94.1-15 Type 1, Class E (standard) or Type 1, Class C (vented)
- Lightweight shell made with UV stabilized High Density Polyethylene (HDPE)
- 4-point suspension with strong textile straps and crown comfort pad
- Easy height adjustment for a precise fit
- Shell has a rain trough for extra convenience in adverse weather conditions
- 12 per case

### Part Numbers:

#### Wheel Ratchet Suspension

- 6601BLU ○ 6601WHT ● 6601YLR ● 6601GRN

#### Vented, Wheel Ratchet Suspension

- 6603BLU ○ 6603WHT ● 6603YLR

#### Pin-lock Suspension

- 6605WHT

# Bump caps

Generally worn by contractors, inspectors, warehouse workers and exterminators, bump caps offer light protection from minor bumps, scrapes and cuts. They have a lower profile than hard hats, so they don't get in the way when working in confined spaces or near overhead piping.

BALL CAP

## JSP HardCap A1+™ Bump Cap

- Does not meet ANSI or CSA standards for use as a hard hat
- For applications where hard hats are not required, but some protection from minor bumps and scalp lacerations is preferred
- Ultra sleek, low-profile baseball cap design
- The protective HDPE liner is removable, so the outer cap is fully washable with a plastic brim
- Mesh panels on the cap and terry cloth sweatband provide coolness and comfort
- 20 per case

### Part Numbers:

- 8306356 ● 8308846 ● 570680

PLASTIC CAP

## Pyramex Ridgeline Bump Cap

- Does not meet ANSI or CSA standards for use as a hard hat
- For applications where hard hats are not required, but some protection from minor bumps and scalp lacerations is preferred
- 4-point glide lock suspension
- Ventilation holes and replaceable sweat band for cool comfort
- 16 per case

### Part Numbers:

- 6614BLU ○ 6614WHT ● 6614YLW

# Accessories

Accessories are designed to customize a hard hat for various tasks, enhancing comfort or protection on the job. Our choices include brackets that attach face shields to hats and attachable sweatbands that wick away perspiration before it gets into the eyes.

## Universal Face Shield Brackets

- Brackets fit most manufacturers' hard hats
- Accommodate a wide variety of face shields

### Part Numbers:

- Dielectric (Cap Style) • PYHHAN (pictured)
- Aluminum (Cap Style) • CR102
- Aluminum (Full Brim) • 8310693

## MSA V-Gard® HDPE Frame

- Fits all MSA slotted cap
- Includes replaceable debris control which creates tight seal between frame and cap

### Part Number: 8303610

## Terry Toppers® Snap-on Sweatband

- Easily attaches to most hard hat suspension with snaps
- Soft material made to absorb and wick away sweat
- Sold in packs of 20

### Part Number: 320330

## Absorbent Cellulose Sweatband

- Anti-mold treated and pre-moistened
- Sold in packs of 25

### Part Number: 320200

# Additional safety products

## HAND AND SURFACE WIPES

Sanitizing and disinfecting is more important today than ever. Make sure your workplace has an ample supply of hand sanitizing wipes to help reduce the spread of germs and bacteria, as well as disinfecting wipes to kill viruses and bacteria on surfaces.

HAND SANITIZER

### germ-X® Hand Wipes

- 100 per box
- Kills 99.99% of many common harmful germs and bacteria
- Moisturizing with Vitamin E
- Convenient individually packaged wipes

Part Number: 616676

SURFACE DISINFECTANT

### Lysol® Disinfecting Wipes

- Tested and proven effective against the COVID-19 virus\*
- Each thick pre-moistened wipe kills 99.9% of viruses and bacteria — including 8 cold and flu viruses\*\*
- This product meets surface disinfection recommendations from OSHA's Bloodborne Pathogen Standard\*\*\*
- 80 wipes per pack
- 6 packs per case

Part Number: 617989

\* Kills SARS-CoV-2 on hard, non-porous surfaces (in 2 minutes)  
 \*\* When used as directed  
 \*\*\* Effective against HIV-1 (AIDS Virus) and Hepatitis B Virus

# Heat stress

Overheating and dehydration can lead to heat stroke and exhaustion. When your crew is faced with the hazards that high temperatures can cause, having electrolyte-replacing products on hand will help them rehydrate and cool their core temperature rapidly.

ADDITIONAL SAFETY

### Sqwincher® Squeeze®

- Tasty, frozen electrolyte popsicle rehydrates and cools your core temperature
- Assortment of five flavors
- 150 popsicles per case

Part Number: 1901750

### Gatorade® Variety Powder Packets

- One 21 oz package yields 2.5 gallons
- 32 packages per case

Part Number: 1650040

### Sqwincher® Qwik Stik® Tubes

- Sugar-free flavored powder electrolytes in a convenient tube
- Add to your water for electrolyte replenishment
- Assorted flavors, 10 Qwik Stiks per tube, 20 tubes per case

Part Number: 571113

### EZ-Cool® Evaporative Cooling Towel

- Poly Vinyl Alcohol (PVA) material absorbs water and sweat and remains active for hours
- Natural evaporation provides a cooling sensation
- Use provided container to store product in between uses to keep clean

• 50 towels per case  
 Part Number: 572388

# Spill cleanup

Spills happen in workplaces, but some pose more danger than others. We have the clean-up kits you need to quickly contain, absorb and dispose of accidental chemical, bodily fluid or battery acid spills.

**Part Number:** 36020

# Signage

Having safety information clearly marked and prominently displayed is mandated by OSHA. Our high-quality, easy-to-mount signage supports your communication needs — helping you alert workers to hazards and issue reminders of policies and procedures.

FLAT SIGNS

## Flat Safety Signs

- Plastic, includes holes for mounting
- Part Numbers:**
- 20" x 4":  
Fire Extinguisher • 341980
- 10" x 14":  
First Aid • 341960  
Emergency Eye Wash Station • 341580  
Eye Protection Required • 341900  
Caution Hard Hat Required • 341920
- 18" x 12":  
Wash Your Hands • 616605

3D SIGNS

## 3D Signs

- Acrylic
- Includes holes for mounting
- Dimensional sign for increased visibility
- Part Numbers:**
- First aid • PZV1FA03A
- Eyewash • PZV1EW03A
- Fire extinguisher • PZV1FE15A

POSTERS

## Bloodborne Pathogens Poster

- Lists the 8 most vital ways to take precautions to guard against bloodborne diseases
- Part Number:** 340800

## First Aid and CPR/AED Poster, 22" x 28"

- Double sided and laminated with English on one side and Spanish on the other
- Helpful guide in case of an emergency
- Part Number:** 340789

LABELS

## Tourniquet Inside Label

- 1" x 3"
- Can be used to identify where tourniquets are located in first aid kits and bags throughout your facility
- Part Number:** 615358
